

Special Issue Invitation

We are happy to invite you to submit a manuscript for the special issue “Toxicity of pollutants to representative species in Brazilian ecosystems”, to be published in the Journal Ecotoxicology and Environmental Contamination. Research paper, review paper, short communication, method development or scientific communication are welcome for appreciation for publication in this issue.

The topics of interest for this issue include:

- Acute and/or chronic toxicity of chemical contaminants to Brazilian species;
- Acute and/or chronic toxicity of environmental samples to Brazilian species;
- Acute and/or chronic toxicity of wastewater to Brazilian species.

Both *in vivo* and *in vitro* tests are welcome, performed in laboratory or in the field. Aquatic and terrestrial species can be used as test-organisms, as long as they naturally occur in Brazilian ecosystems.

You may submit your manuscript by submission system of the journal until the 08th of March, 2019. The Journal Guidelines can be found at: www.univali.br/eec.

Please specify the title of the special issue (Toxicity of pollutants to representative species in Brazilian ecosystems) in the subject when you submit your manuscript.

Thank you for your time and consideration in this matter. We would appreciate if you could let us know at your earliest convenience (but no longer than four weeks) whether you will be submitting a paper.

We are looking forward to hearing from you!

With kind regards,

Dra. Samantha Eslava Martins - Guest Editor

Dr. Rhaul Oliveira - Guest Editor

Dr. Charrid Resgalla Junior – EEC Editor
